

TWISTER T4 TRIMMER

EUROPEAN MODEL

DETAILS MATTER.

The Twister T4, whether your goal is to increase throughput, maximize trimmed flower quality or produce high-quality extraction ready trim—or all of the above, customization is key.

The new T4 now standard with Speed Control allows you to customize tumbler and blade speed as well as decrease vacuum suction to match your trimming setup to align with your harvesting goals. With six settings each for both the tumbler and the blade, the new T4 gives you thirty-six trimming styles in one quality machine.
